Your Comfort Is Our Concern

A Message from All of Us

High Oil Prices? We're Here to Help!

These days it's impossible not to be aware of the global issues affecting the price of oil – and all forms of energy. You see it at the gas pump ... when you buy a plane ticket ... and yes, when you receive a heating oil delivery.

Oil is a commodity which is priced globally. That is how a conflict thousands of miles away in the Middle East is affecting the cost of fuel here. Everyone around the world is paying the price, literally.

Although we don't have a crystal ball to tell us what you will pay for heating oil next week or next fall, Valley Oil Company is working hard to help you get through this hopefully short-term oil price hike.

Our company has spent decades making sure to provide **value-added services that can help you get the most out of every drop of heating oil we deliver:**

- **Energy Conservation Advice:** Installing a smart thermostat, adding weather-stripping to drafty areas of your home, or closing the drapes on warm days can help you save energy and money.
- **Price Protection with Price Cap:** Set a ceiling on the price you'll pay for fuel, no matter how high prices go. If prices drop, you pay the lower price. If prices go up, you don't pay more than the ceiling, or price cap.*
- **SmartPay:** Spread your estimated heating costs out over 11 consistent monthly payments to make seasonal costs more manageable. **See page 2 for details and sign up soon!**
- **Loyalty Credits:** Our service plan customers earn valuable Loyalty Credits to use toward the purchase of heating and cooling equipment! **Read more on page 2!**
- **LIHEAP and Other Energy Assistance Programs:** Help is available toward paying heating oil bills for those who qualify.
- **Neighbors Helping Neighbors Fund**:** When we see customers in financial need, we offer to pay part or all of their heating bill using funds from the Neighbors Helping Neighbors account. Funds for this account come from contributions from our customers, and Valley Oil matches their contribution amounts.
- **Heating Equipment Upgrades:** Although we understand that during these difficult economic times an upgrade is not for everyone, our customers are fortunate to have access to our technologically advanced heating oil equipment that can cut energy costs dramatically – **like the Energy Kinetics Ascent™ Plus Combi Boiler on page 3.**
- **NEIF Home Energy Improvement Fund:** The National Energy Improvement Fund (NEIF) will finance 100% of home energy improvements up to \$25,000, with a true fixed rate, fixed monthly payment, which can put an upgrade within reach.

Perhaps the best thing you can do to save money on your fuel during these trying times is to **TALK TO US!** Every one of our customers is different, and we want to come up with solutions that are the best for YOU!

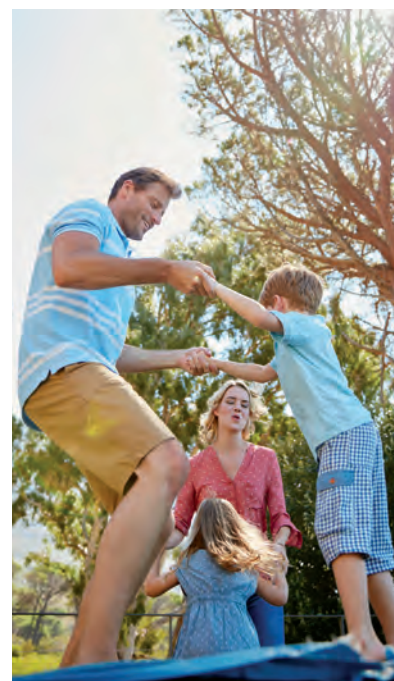

Valley Oil has been serving our Hopewell, NJ area friends and neighbors since 1970 – through wars, price spikes, and other crises, and **we'll help you weather these tough times**, as well.

Sincerely,

Valley Oil Company

*Please note: There's a fee for the insurance to protect your fuel price.

** The Neighbors Helping Neighbors Fund is not a qualified charity and funds given to the program do not qualify as a charitable deduction on tax returns.

Is Your Air Conditioner Ready for Those Hot, Humid Days of Summer?

Those sticky, icky days of summer will be here before you know it. Are you ready? And more importantly, is your central air conditioner ready?

Scheduling your annual air conditioning tune-up this spring ensures your system will run at peak efficiency, keeping your home comfortable when you need to beat the heat and helping to prevent problems before they occur.

If you are enrolled in our Air Conditioning Comfort Plan, your tune-up is included during normal service hours. It includes:

- 11 important steps – from checking air filters to inspecting safety controls to lubricating and inspecting all motors, and much more.
- 25% discount on parts and labor for your air conditioning service*

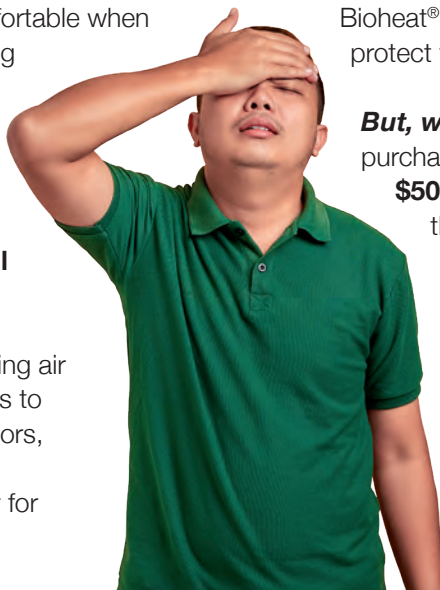

Spring is also the ideal time to be proactive and schedule your heating system tune-up – it's included in both our Standard and Ultimate Comfort Plans.

Whether your heating system runs on Bioheat® fuel or gas, a tune-up will enhance your comfort, protect your home, and give you peace of mind.

But, wait – there's more! For each consecutive year you purchase a Standard or Ultimate Comfort Plan, you earn **\$50 in Loyalty Credits (up to \$400)** to use toward the purchase of heating and cooling equipment! See your service plan brochure for all the details.

Give us a call at **609-466-0015** today to schedule your air conditioning and heating system tune-ups. We'll take good care of your home comfort equipment ... and you!

**All service, other than annual tune-up, will be billed at 25% off normal and after-hours rates*

Attention, Customers! Stay Tuned for SmartPay Enrollment!

This winter was one for the books, and many of our customers told us that it was a burden to pay most of their heating costs in just a few months. That is why we want to remind all our customers about our budget-friendly SmartPay program.

SmartPay spreads your estimated heating costs out over 11 equal monthly installments, from September to July. At the end of the season, we settle up, whether you used more or less fuel than estimated, and if prices rose or fell. We can make an immediate adjustment or roll the difference into the next year's payment structure.

What a great way to manage heating costs – and best of all, enrollment is FREE!

Signing up for SmartPay for the 2026-27 heating season could be the simple solution to help you stay on track and avoid seasonal budget surprises. Enrollment will be opening in August – look for our enrollment letter this summer. For more information, call us at 609-466-0015.

Lower Fuel Costs While Enjoying Whisper Quiet Efficiency

Our “What’s the Word” Winner

Congratulations to **Richard B. and Katherine H. of Pennington, NJ** – our Fall 2025 newsletter contest winners. Richard and Katherine received a \$200 credit to their Valley Oil Company account. Congratulations!

Since we had a great response to our Fall contest, we want to give our customers another chance to win. Unscramble the 5 words to the right (hint: they’re all mentioned in this newsletter) and email dgordon@valleyoilnj.com the answers.

One lucky winning individual or couple will receive a \$200 credit to their account! Good luck!
